

Our LED Printers give you more power

Maximum colour, zero mono costs

That's right, until 31st March 2018 our LED colour printers come with free mono printing for a year*, and even beyond the first year, printing mono on a colour printer from OKI costs no more than with a standard mono printer.

So, whether it's in crisp mono, or stunning HD colour,

you can print banners, business cards, point-of-sale and customer documents all to a professionally high standard in-house.

Find out how OKI can help bring your business alive at:
